SITUATION SUMMARY

Governor Declares State of Emergency for the County of San Diego

On May 14, 2014, Governor Edmund G. Brown Jr. declared a State of Emergency in San Diego County due to the wildfires that have burned thousands of acres, destroyed homes and other structures, damaged critical infrastructure and caused the evacuation of thousands of residents.

Please click [here](#) to view the entire declaration and press release.

Fire Activity Southern California

Santa Barbara County:

Miguelito Incident – 632 acres **100%** contained (**Final**)

San Diego County:

Pointsettia Incident - **400** acres **100%** contained

Cocos Incident - **3,018** acres **10%** contained

Highway Incident – **386** acres **80%** contained

Bernardo Incident - 1,548 acres **90%** contained

Tomahawk Incident - **6,300** acres **23%** contained

Freeway Incident - **60** acres **75%** contained

River Fire - **105** acres **100%** contained

Pulgas Fire – **8,000** acres **5%** contained

SITUATION SUMMARY

Significant Weather Watches and Warnings

Red Flag Warning:

- In effect through Friday evening for areas in Los Angeles, Ventura Kern and Tulare Counties

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Please see “Fix 50” slides for additional information, including alternate routes.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Variable cloudiness and cooler conditions are expected for the next few days as an upper level trough approaches the coast. Light rain showers are likely Sunday and Monday across areas north of Cape Mendocino. A return of warmer and drier weather is expected Tuesday and Wednesday as high pressure rebuilds over California.

San Francisco Weather:

A slight cooling trend will continue today as the upper level ridge weakens. Further cooling is expected this weekend through early next week as an upper level system impacts the Pacific Northwest. While a few showers are possible Monday across the North Bay, generally dry weather will persist through the forecast period.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Upper ridge weakens today bringing a slight cooling and more onshore flow. Continued onshore flow and more cooling over the weekend is expected as a cool low pressure system approaches the Pacific Northwest coast. A slight threat of showers or thunderstorms will drop southward Sunday evening through Monday as the low pressure system drops southeastward through Northern California. Temperatures warm back to well above normal Tuesday through Friday as high pressure rebuilds.

Hanford Weather:

Strong high pressure over Central California with well above normal temperatures are expected through the remainder of the week. A cool down is expected this weekend and into early next week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Temperatures will begin to cool today especially at the coast. Significant cooling and a return of the marine layer will occur this weekend and continue into next week.

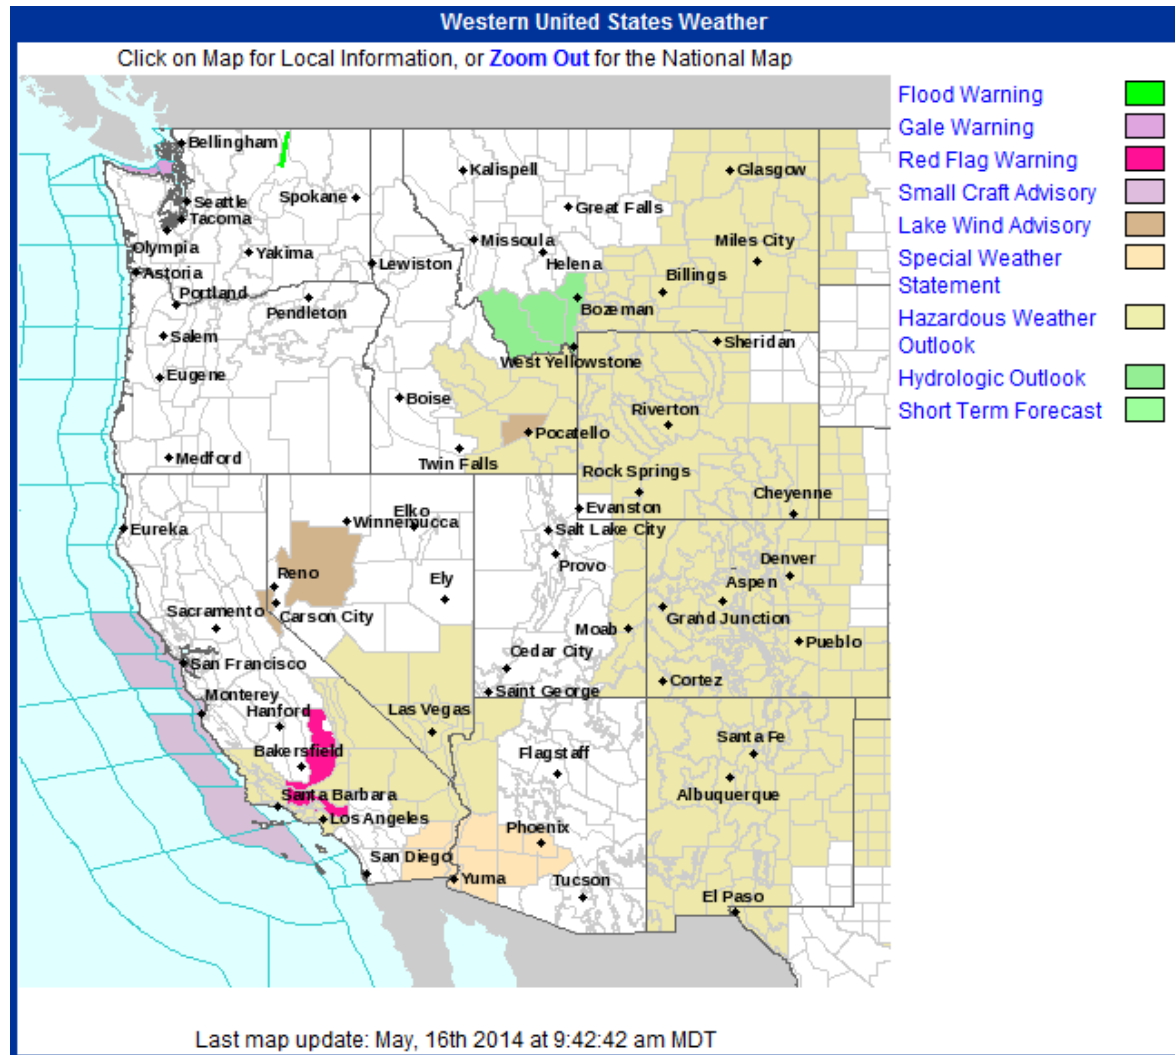

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A minor cooling trend will begin today as high pressure starts to weaken over the West. However, hot and very dry conditions will continue to prevail with greater cooling in store for this weekend and early next week as a trough deepens along the West Coast. Low clouds and fog could return to the immediate coast as early as Saturday morning spreading progressively farther inland each night and morning with some drizzle possible west of the mountains Monday night and Tuesday morning. Gusty west winds will also develop in the mountains and deserts this weekend and continue into the first part of the work week.

Southeast California Weather:

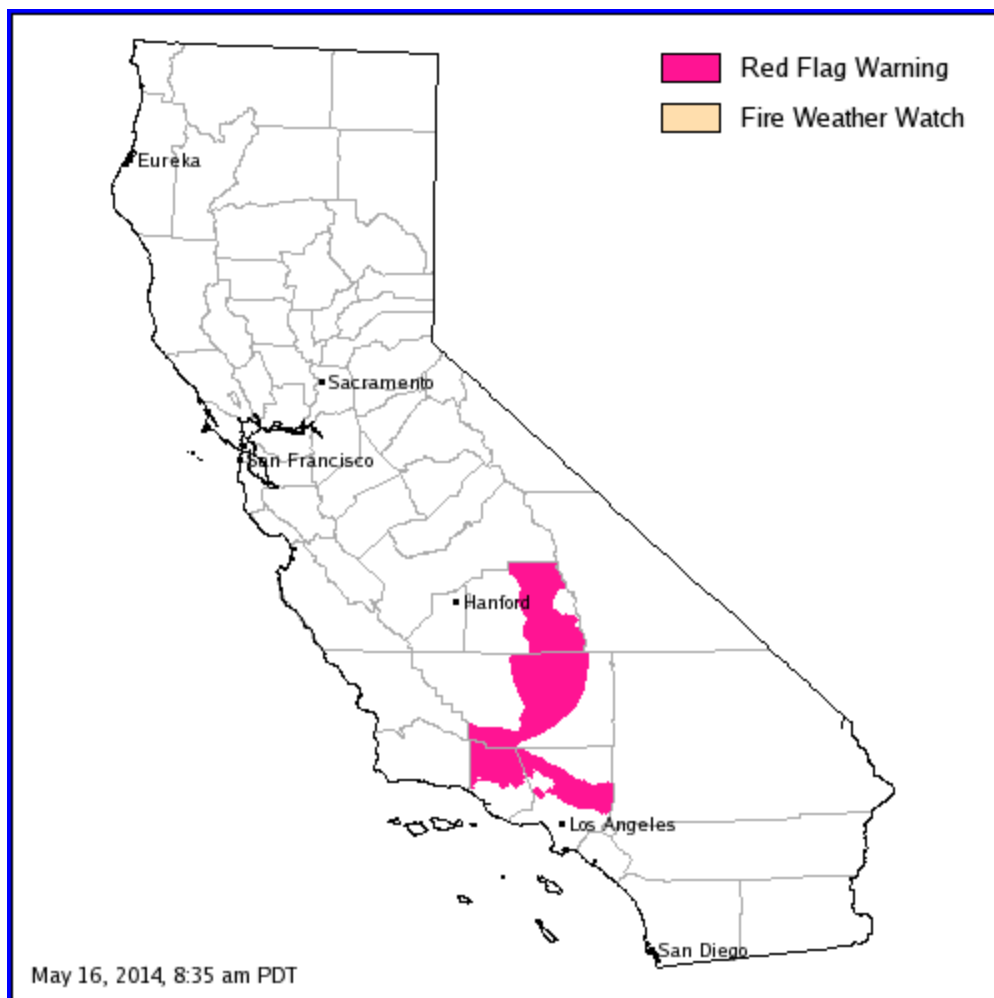

Desert temperatures will climb above 100 degrees in many locations today through Sunday as a strong high pressure system builds. A dry cold front will approach on Monday leading to windy afternoons Monday and Tuesday. A cooler air mass will settle over Southeastern California Tuesday through Friday in the wake of the cold front.

STATE WEATHER MAP

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

California - South Area 7 Day

Significant Fire Potential

	Moist - Little or no risk for large fires.
	Dry - Low risk of large fires in the absence of a "High Risk" event.
	Very dry - Low/Moderate risk of large fires in the absence of a "High Risk" event.
	Data Unavailable.

High Risk Events

 Windy and Dry

Predictive Service Area	Thu May 15	Fri May 16	Sat May 17	Sun May 18	Mon May 19	Tue May 20	Wed May 21	Thu May 22
SC01 - Eastern Sierra								
SC02 - Central Sierra								
SC03 - Southern Sierra								
SC04 - Sierra Foothills								
SC05 - Central Valley								
SC06 - Central Coast Interior								
SC07 - Central Coast								
SC08 - South Coast								
SC09 - Western Mountains								
SC10 - Eastern Mountains								
SC11 - Southern Mountains								
SC12 - Lower Deserts								
SC13 - Eastern Deserts								
SC14 - Central Mojave								
SC15 - Upper Deserts								
SC16 - Northern Deserts								

Continued hot and very dry today. Strong westerly winds across the deserts Saturday through Tuesday. The strong ridge of high pressure over California will weaken a little today bringing a few degrees of cooling, but minimum humidity will remain mainly in the single digits and teens. Maximum temperatures today will be in the mid 70s to mid 80s in the mountains and mid 90s to low 100s in the valleys. Westerly winds of 15 to 25 mph with gusts to 40 mph will surface across the mountain ridges and desert passes this afternoon. An area of low pressure will drop down the West Coast causing westerly winds to increase to 20 to 30 mph with gusts to 50 mph across the wind prone areas Saturday through Tuesday. This low pressure area will also bring significant cooling and an increase in humidity to the region.

Fire Activity Cal OES Duty Officer Deployments

- Cal OES Law Deputy Chief is deployed to the San Diego DOC
- Cal OES Law Assistant Chief is deployed to the Southern REOC
- Cal OES Fire Division has assigned 2 Assistant Chiefs to the Cocos Incident

Local Proclamations

- County of San Diego: Due to multiple wildfires burning throughout the County requesting a Governor's and Presidential concurrence
- Cal State University, San Marcos: Due to wildfires burning on and around campus. No requests for State Assistance
- City of Escondido: Due to wildfires burning in and around City. No requests for State Assistance
- City of Carlsbad: Due to wildfires burning in and around City. No requests for State Assistance
- City of Bernardo: Due to wildfires burning in Northeastern San Diego County. No requests for State Assistance
- City of Oceanside: Due to wildfires burning in and around the City. Requested a Gubernatorial and Presidential concurrence.

FIRE ACTIVITY

Miguelito, Vegetation Fire, Santa Barbara County (Final)

Fire Information:

- Jurisdiction: SRA / LRA
- Size: 632 acres, 100% contained
- An FMAG has been received by Cal OES and is currently on hold as it does not meet the FMAG criteria

FIRE ACTIVITY

Poinsettia Fire, Carlsbad, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 400 acres, 85% contained

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and has been approved. The FEMA FMAG number will follow

Evacuations

- All evacuation orders were cancelled on 05/15/14 at 1852 hours. Residents asked to use caution as they re-enter their neighborhoods due to police and fire personnel and equipment remaining in some areas.

Shelters

- La Costa Canyon High School (ARC), 1 Maverick Way, Carlsbad, and Calavera Hills Community Park (City of Carlsbad), 2997 Glasgow Dr., Carlsbad, have been set up as shelters. Shelter population as follows:
 - La Costa Canyon High School: 10
 - Calaveras Hills Community: 15

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Cocos Fire, San Diego County

Fire Information:

- Jurisdiction: LRA /SRA
- Size: 3,018 acres, 10% containment
- Continued structure threat
- Originated in LRA and moved to SRA
- Cal Fire in Unified Command with San Marcos FD, and North County FD

FMAG

- An FMAG has been received by Cal OES and has been approved by FEMA. A FEMA FMAG number will follow

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify 21,027 homes
- Evacuation advisories have been issued and are fluid at this time due to wind speed and direction changes.

Shelters (Temporary Evacuation Point)

- A Red Cross shelter has been established at Mission Hills High School, 1 Mission Hills Court, San Marcos.
 - Shelter population is: 115
- A shelter has been opened at Escondido High School, 1535 N. Broadway, Escondido
 - Shelter population: 102
- Designated standby shelter: San Marcos Middle School, 650 W. Mission Road, San Marcos.

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County and the City of San Marcos activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- 2 Cal OES Fire Assistance Chief's assigned

FIRE ACTIVITY

Highway Fire, San Diego County

Fire Information:

- Jurisdiction: SRA
- Size: 400 acres, 80% contained
- I-15 reopened
- Slow rate of spread
- Expected full containment by 1800 5/16/14

Shelter

- Temporary Evacuation Point closed. No shelters have been opened

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

FIRE ACTIVITY

Bernardo Incident, San Diego County

Fire Information:

- Jurisdiction: LRA threatening SRA
- Size: 1548 acres, 90% contained
- Fuels: Grass and medium brush
- Structures threatened: 10
- No damaged or destroyed structures

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and is currently on hold as it does not meet the FMAG criteria

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify 22,000 homes

Shelter

- None

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 1 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Tomahawk Fire, San Diego County

Fire Information:

- Jurisdiction: FRA
- Size: 6,300 acres, 23% containment
- Cal Fire is assisting
- Extreme fire behavior
- Expected date of containment is 5/21/14

Emergency Management:

Evacuations

- All evacuation orders were cancelled on 5/15/14 at 1848 hours

Shelter

- Temporary Evacuation Point has been closed

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Freeway Fire, Naval Weapons Station, Fallbrook, San Diego County

Fire Information:

- Jurisdiction: FRA (MCP)
- Size: 60 acres, 75% contained
- Forward rate of spread has been stopped

Shelter

- No shelters opened at this time

FIRE ACTIVITY

River Fire, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 105 acres, 30% contained
- Slow rate of spread
- 2 structures destroyed

Shelter

- Temporary Evacuation Point closed. No shelters have been opened

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Pulgas Vegetation Fire, Oceanside, San Diego County

Location: Northbound I-5 at Las Pulgas Road, Oceanside, San Diego County, Jurisdiction: **FRA**

- Start Date/Time: 05/15/14 1445 hours
- 8,000 acres, 5% contained
- Moderate to dangerous rate of spread

Activations

- Southern Region Emergency Operations Center (SREOC) is currently at Level 2 activation.
- San Diego County activated their Emergency Operations Center (EOC) to Level 3.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 2: May 2 - May 21

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

[Back to Front Page](#)

“Fix 50” Information (Cont.)

Fix50 Eastbound Work to Finish Early

All Eastbound lanes to be fully open by Friday morning, May 16

The Fix50 project is ahead of schedule, and motorists will get a nice break for Memorial Day Weekend when all lanes will be open. Eastbound Phase 2, which began five days early to resurface the outside lanes of Highway 50 between 18th and 24th Streets in Sacramento, will finish 6 days early on May 16.

All lanes of Highway 50 will be open to motorists for a full ten days. Work will resume after Memorial Day Weekend so there will be no interruption for travelers over the holiday when the [Sacramento Music Festival](#) and [County Fair](#) are in town.

"Caltrans would like to thank our partners for their added outreach, staff, and services that helped to increase public awareness and alleviate traffic issues," added Director Jones. "We also thank drivers who changed their regular workday commute, or chose alternate modes of transportation. Those motorists who chose to bike commute, use light rail, bus, train, walk, carpool, and avoided unnecessary trips helped lessen the overall traffic impacts in the region."

Additionally, Caltrans advises the public to continue advanced travel planning for the closures scheduled on the westbound side and to expect additional delays.

On Thursday evening, May 15, crews will begin the process to reopen all eastbound lanes. The change-over will begin at approximately 9 PM, and involves removing K-rail barriers, changing the sign structures, and sealing and restriping the newly completed lanes into their original configuration. The full transition will finish by 7 AM Friday morning May 16, concluding all traffic-interfering work on eastbound Highway 50 in the W-X Viaduct. There will be some finishing work to do once both phases are complete, but nothing that will require major traffic interference.

Hornet Drive, which has been closed to Folsom Blvd. traffic for use as a detour, will also be reopened Friday morning and will remain open until Westbound Phase 2 begins.

Traffic heading to the [Sacramento Republic FC](#) game at [Hughes Stadium](#) on Saturday, May 17 will be able to use the connector ramp from eastbound Highway 50 to southbound 99 to get to the game.

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

**** As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.****

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 21% of normal as of April 27.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

U.S. Drought Monitor California

May 6, 2014

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3628** Personal Locator Beacon (PLB) sounding in the vicinity of Oyster Bay shoreline, Alameda County. Cal OES Law Duty Officer is coordinating resources. PLB owner indicates they lost the device. The PLB sounding is over-water, and the USCG will continue efforts to locate.
Mission Closed.
- **2014-FIRE-3624** Four California National Guard (CNG) Type 1 helicopters with water dropping buckets and personnel transport capabilities have been assigned to assist in fire fighting efforts in Southern California. All other support, fuel tenders, personnel and materials associated in performing aerial firefighting operations, including: water dropping, transport supplies and fire crews from heli-base to the fire line are included with this mission.

Closed Cal OES Missions

- **2014-LAW-3619** AFRCC reports a PLB sounding near Redding in Shasta County. No registered owner information on file. Cal OES Law Duty Officer is coordinating resources. [Per AFRCC, there have been 3 missed passes attempting to locate the PLB.](#) AFRCC has closed their mission.
Mission Closed

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
